GEORGETOWN AND ITS AFFAIRS.

GEORGETOWN, August 21-12 m. The magnificent packet boat Delaware pass up the canal this morning, for the first time, with a company of ladies and gentlemen, bound for the Great Falls, on a pleasure excursion. Quite a large number of persons gathered along the canal wharves to see her start, and all appeared highly pleased when she floated off in beautiful style, with the broad stripes and bright stars flying at her bows.

Yesterday we had a gloomy, wet time of it and but little business of any kind was transmore cheerful, and all along our streets may be seen suspended in front of the stores the various emblems of trade. Along the wharves it looks rather dull, owing to the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be found in the fact that there is not to be fact that there is not the fact that there is not that there is not the fact that the fact that there is not the fact that there is not the fact that the fact acted. Owing to the unfavorable state of the weather vesterday, there was no transactions of moment in flour or grain.

The packet-boat Fashion arrived here last night at eight o'clock, with quite a large number of passengers on board.

[From the Philadelphia North American, August 20.] A NOVEL DEMONSTRATION OF THE EARTH' ROTATION. - Messes. Editors: The phenomenor of the whirlpool in a funnel, always moving in the same direction, if not counteracted, has long been a subject of unsuccessful investigation among scientific men. The public will be pleased to learn that the Rev. E. D. Saunders, of Pottsville, has submitted a demonstration of the principle to the Academy of Natural Science of Philadelphia. It traces the cause to the earth's rotation. That we should have so simple and beautiful an illustration of the earth's movement is unexpected. The demonstration will appear in the next number of the academy's proceed-ings. It differs materially from the solution of the problem of the pendulum, and of Professor Strong's wheel, as the motion to be accounted for is in the opposite direction. L. L. LANGSTROTH

THE WORLD CANNOT PRODUCE STRONGER A EVIDENCE THAN THIS, kindly handed to us by J. STOCKERIDGE, esq., of the Fountain Hotel, Light street, a gentleman extensively and favorably known. The writer of the letter, Captain Canot, is the brother of the celebrated Physician to Louis Napoleon, President of the French Republic. Numbers of our most respectable citizens will give equally strong testimony in favor of HAMPTON'S VEGETABLE TINCTURE. It is a certain

DEAR SIR: Being on the point of leaving the city, avail myself of a few idle moments to thank you kindly for the medicine you sent me, and which has restored me to the use of my limbs. I beg you to send me four bot tles more, to carry on my voyage. Since I had the for tune to use Dr. Hampton's Vegetable Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed, useles fashion, and the work warranted.

JUST RECKIVED—a handsome variety of Silks and in all my limbs, you can appreciate nearly as well as my self the prompt relief I received from Dr. Hampton'.

It is really a pity this specific should not be approximately an extended the still be all the strong the still and the strong the still a strong the strong the still a strong the strong t

I mysolf, who was always opposed to a patented specific, took this medicine with reluctance, and without confidence in it, and it was only through your disinterest ed, friendly recommendations, and my critical situation that induced me to try this really beneficial Vegetable Tincture.

Tincture. You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in the support of the good effects of Dr. Hampton's Vegetable Tinflammatory Rheumatism, contracted under tropical climates, and of seen years' periodical duration. I have only used three bottles, and find that even the deformed parts of my hands are fast returning to their former natural appearance.

of my hands are fast returning to their several physicians appearance.

I have been under the treatment of several physicians in London and Paris, without any apparent benefit; also, while in New York, having tried the Thompsonian and Homospathic remedies, after having been tormented with galvanic batteries, cold and aromatic batha, and hundreds of internal and external medicines, all to no effect. I am, so far, cured by this Hampton's Vegetable Tincture only. Therefore, my dear sir, ascept of the assurance of my gratitude, and believe me your well-wisher.

WONDERFUL CURE OF HEREDITARY SCROFULA WONDERFUL CURE OF HEREDITARY SCROFULA!
This certificate is from the pen of a gentleman whose name appears on the journal of Congress—one who is extensively and favorably known:
It affords me pleasure to state that Dr. Jesse Hampton's Tincture has effected a most extraordinary cure of my slave boy Albert. The patient was three years old, and had the Scrofula—(his father is scrofulous.) The boy was a moving mass of acres from head to foot; the upper filed of the eyes were much swollen, and turned inside out, exhibiting horrible mattering ulears, that protruded over the eye-ball so as to produce blindness. It is strange, yet true, this child—that I felt resigned to see die as a relief from suffering—has been restored to health under the treatment of Dr. Hampton.

DEATH OF A PRACTICAL JOKES. -The death by hanging of young Mr. Whitlook has been mentioned. On the day of his death he was cheerful as usual, ate heartily, and told the servant girl to wake him in the afternoon. As he was going up stairs, he turned and told the girl that it was his intention to frighten her and the companion who slept with her, before his mother returned home. She begged him not to, for the other girl was very nervous, and she might go into convulsions. He laughed and passed on. He and his father were the only members of the family at home. At the appointed time the servant went up stairs to awaken him, and found his body hanging. In the third story of the house is a staple in the wall, to which is affixed a clothes-line, which, and to frighten the girl about the time that she was to awaken him, he stood on the chair, with

A SCRIPTURAL MANUAL.—By Chas. Simmons. THE DESIGN of this book is, to furnish proof texts. alphabetically and systematically arranged, on all the important topics introduced in the Old and New Testaments. Great care has evidently been taken in selecting and classifying these texts. They fill a 12me volume of over 500 pages, arranged under no less than 750 distinct topics, with an average of perhaps half a dozen texts to a topic. The book is furnished with a full index, which greatly increases its usefulness, and is in every respect not only a very valuable kind of work, but undoubteally the best of its clars extant.

Were it generally possessed, carefully studied, and faithfully used, the result would be the introduction of a new era in biblical knowledge. It is commended to all clergymen, to students, to families, and especially to Sabbatischool teachers. The good paper, fair type, and mechanical execution of the work, are worthy of its contents. The second stereotyped edition of this book, being its twenty-fifth edition (issued in 1850), is a great improvement on former editions, in the number and arrangement of topics. The fact that 41,000 copies of it have been published within a few years, to meet the gradually increasing demand for it, is a gratifying proof of the estimation in which it is held.

BLACKWOOD'S MAGAZINE,

BRITISH QUARTERLY REVIEWS. BRITISH QUARTERLY REVIEWS.

Owing to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

THE LONDON QUARTERLY REVIEW,
THE EDINBURGH REVIEW,
THE NORTH BRITISH REVIEW,
THE WESTMINSTER REVIEW,
BLACKWOOD'S EDINBURGH MAGAZINZ.

The Westminster Review, and Blackwood's Edinburgh Magazing.

In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establishment to the last great ecclesiastical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofice issued.

The above Periodicals are reprinted in New York, immediated with the review of the service of the control of the service of the control of the service o

of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on time white paper, and are faithful copies of the originals—Blackwood's Magazine being an expies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.

TERMS: For any one of the four Reviews, \$3 00 per annum.

For any two, do 5 00
For any three, do 7 00
For all four of the Reviews, 8 00
For Blackwood's Magazine, 3 00

Mr. Robert Sears—Dear Sir: I have looked over the en tire series of your valuable publications with much in-terest and profit; and am quite surprised at the amount of literary labor you have performed, and the research it must have cost you to obtain so many fine illustrations. must have cost you to obtain so many fine illustrations, while you have an active superintendence of an extensive business. I am also gratified at the decidedly moral and religious influence which your books will exert, and cannot but hope that they will do much to counteract the effects of that light and immoral literature which deluges the land, and, like the frogs of Egypt, comes up even to the kneading troughs of our kitchens. May you live long to follow your plans.

We are prepared to make collections in any of the St. its., Territories, Canada, England, Ireland, Scotland, France, Germany, and in any commercial port of the world, and will pay particular attention to old and doubtful debit, in the collection of which class we have extraordinary facilities, and have been unusually successful.
